

Written Examination „Compound Semiconductors and Optical Components“

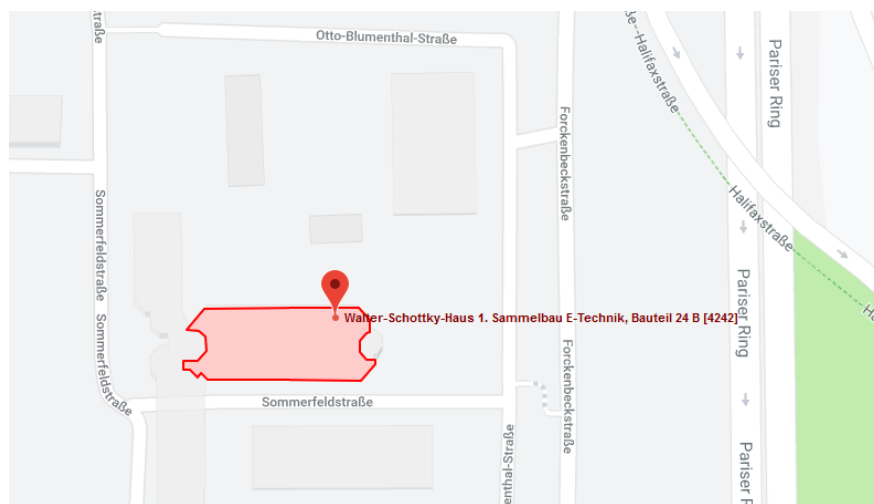

1. Examination

The written exam „**Compound Semiconductors and Optical Components**“ will take place:

Wednesday **July 17th, 2019**

from **10:30h** until **12:00h**

in Seminar Room **24 B 422 (Sommerfeldstraße 18)**

2. General Information

All relevant information will be made available in L2P and at the organizing institutes in Walter-Schottky-Haus, 4th Floor

3. Registration

In case of issues or problems regarding the registration for the exam, please contact us:

- CST: Thorsten Zweipfennig, zweipfennig@cst.rwth-aachen.de,
Tel. 0241-8020495
- IPH: Dorothee Pawelzick, dpawelzick@iph.rwth-aachen.de
Tel. 0241-8020020

Exchange students please register with Mr. Zweipfennig.

4. Identification

Students are required to present their ID or passport AND their student identification card (BlueCard)

5. Content of the exam

The examination covers the content of the lecture “Compound Semiconductors and Optical Components” as given in WS 18/19.

6. Supplementary materials during exam

Permitted are:

- Electronic calculator
- Writing and drawing tools
- 4 pages (2 sheets) DIN A4 sized with **handwritten** notes/drawings (no copies!), written by yourself

Not permitted are:

- Notebooks, tablets or similar devices
- Mobile phones have to be turned completely off during the exam

7. Grading

- Handwriting and drawings must legible. Unreadable or unclear notation/writing cannot be graded
- Drawings require appropriate coordinates systems
- All notations/symbols introduced by you have to be properly defined
- Numerical results are only valid with appropriate dimensions

Attempts to use prohibited tools/help (including cell phones or outside communication) is automatically leading to “failed” grading

8. Results

- The preliminary results will be published by **July 24th, 2019** in L2P.
- Students can inspect the exams on:
**Friday July 26th, 10:00-11:00 in room 24 B 422,
Walter Schottky Haus, Sommerfeldstraße 18/24**
- Students are required to present their ID and may inspect the exams under supervision
- Students may not copy or take pictures of the exams
- Complaints regarding the grading should be communicated to the supervising assistants. In unclear cases the students may file a written complaint with the examiners (Prof. Vescan, Prof. Witzens)
- The final grading will be decided by examiners and published in L2P, RWTH-Online
